

Tomorrow's Scholar[®] 529 Plan

Special Benefits for Wisconsin Residents

... connecting to the future

Tomorrow's Scholar offers three distinct ways to invest:
by age, by risk level, and by building your own portfolio.

Working with your financial professional, you can tailor to your particular situation with investments that feature some of the largest and most respected asset management firms.

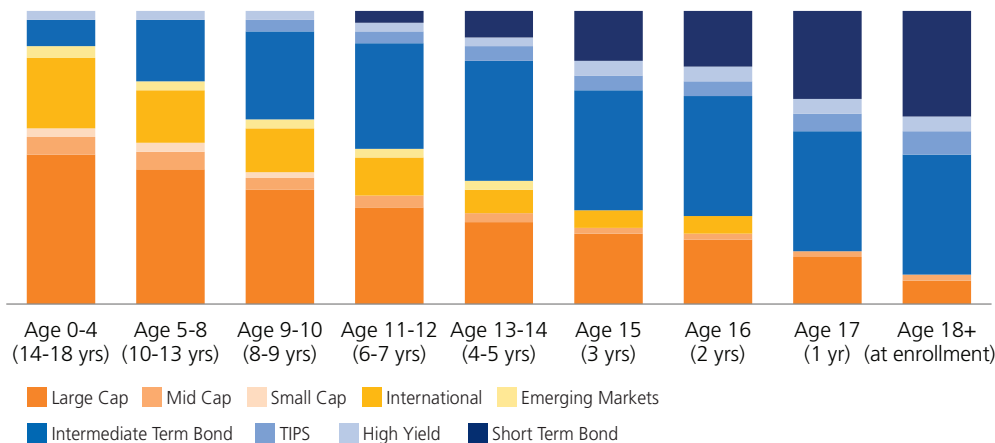

A Diverse Selection of World Class Managers

Tomorrow's Scholar is built on the strength of a multi-manager investment platform of well-recognized managers across a range of traditional and alternative asset classes.

Age-Based College Savings Options¹

Simply choose a portfolio based on the age of the child, and the portfolio will automatically adjust as the child gets closer to college. The mix of equity and fixed income starts focused on growth and slowly becomes more conservative over time.

¹ The Age-Based Options are designed for college savings and may not be appropriate for K-12 investment horizons. The descriptor in parentheses denotes years to enrollment.

Wisconsin Residents:

- Contributors may reduce their Wisconsin taxable income by up to \$5,130 per beneficiary per tax year. Contributions include the principal amount rolled over from out of state 529 plans¹
- The tax deduction is available to anyone who makes contributions during the tax year, regardless of whether they are the account owner or their relationship to the beneficiary
- Contributions may be made for the tax year generally up to April 15th of the following year
- Contributions that exceed the maximum reduction amount for a tax year may be carried forward to reduce future taxable income
- Up to \$10,000 in K-12 tuition per beneficiary per year²
- Account balance is excluded from calculation of state funded financial aid awards
- 529 accounts are protected from claims by creditors³
- \$25 Annual Maintenance Fee is waived

¹ Contribution amounts included in outgoing rollovers to another state's 529 will be included in Wisconsin income and taxed to the extent that the amount was previously claimed as a deduction. Non-qualified withdrawals of contributions will be added to Wisconsin income and taxed to the extent the receipt of such amounts results in the additional 10% tax for federal tax purposes. Please note that while the principal portion of any rollover contributions may qualify for reducing WI taxable income; the portion attributed to growth is not eligible.

² Distributions for tuition in connection with enrollment or attendance at an primary or secondary public, private, or religious school are Wisconsin state income-tax free up to a maximum of \$10,000 per taxable year per beneficiary. The tax treatment of withdrawals used to pay for primary and secondary school tuition is uncertain in many states and such treatment may differ from federal and Wisconsin tax treatment.

³ Contributions to a 529 plan account made more than one year before the filing of a bankruptcy petition are generally not considered part of a debtor's bankruptcy estate, provided certain conditions are met.

Risk-Based

Select a static asset allocation option based on your overall risk profile from five distinct risk-based portfolios.

Build Your Own Portfolio

Tomorrow's Scholar individual fund options let you and your financial professional create your own portfolio from a broad mix of asset classes, investment styles and world-class managers. Use these individual options, or match them with the age- or risk-based portfolio options.
