Voya's 529 College Savings Plan, Tomorrow's Scholar, offers Morgan Stanley financial professionals and their clients a diverse, multi-manager platform; a unique share class structure; and a more seamless account setup process, making it easier to enroll.

## Benefits to You and Your Clients

### Easier to Enroll

- You can now place 529 initial buys through the Order Entry System WITHOUT the need for the Tomorrow's Scholar 529 application and WITHOUT any paperwork having to go to the Central Processing Unit (CPU) in Mutual Fund Operations
- With just one application – the Morgan Stanley Education Savings Plan Account Application/Client Agreement – your clients can establish their 529 plan and begin investing sooner, and more simply

**Unique Share Class Structure** — Due in large part to Voya's innovative converting C shares, overall expenses are generally leveled across the Tomorrow's Scholar 529 Plan's share class offerings.

- This means, in most cases, your clients can purchase either A or C share classes regardless of the age of the beneficiary
- Of course you'll want to take into account any state tax deduction available when considering a plan for your client
