Dear [Client Name]:

One of the most rewarding benefits of parenthood is watching your children grow up to become successful parents themselves. Just as we did for our children, we want to help our grandchildren find happiness and opportunity.

What better way to do this than by helping fund their college education? Fortunately, there's a tax-advantaged way to invest for college, Tomorrow's Scholar 529 plan, a flexible saving program that can help make college possible.

Tomorrow's Scholar is a Flexible Way to Invest for College:

- Allows contributions from anyone—parents, grandparents, friends—up to \$567,500 per student, with minimums as low as \$25 a month per investment option through an automatic investment program
- Earnings and withdrawals are free from federal (and possibly state) tax if used for qualified educational expenses—and contributions may be removed from one's taxable estate
- Eligible expenses include tuition, fees, books, on- and off-campus room and board, computers, equipment and supplies
- Eligible institutions include most two- and four-year colleges, technical, vocational and graduate schools as well as primary or secondary public, private and religious schools.¹
- Three convenient ways to invest: by age, risk profile, or a choice of options from leading managers

With the cost of higher education continuing to rise, now may be the perfect time to invest in a Tomorrow's Scholar account and give your grandchildren a gift that could last a lifetime.

I will call you in a few days to follow up on how this investment may help you achieve your goals. If you prefer, call me with any questions at [Phone Number].

Sincerely,

[Financial Representative]

¹ Distributions for tuition in connection with enrollment or attendance at a primary or secondary public, private, or religious school are federally income-tax free up to a maximum of \$10,000 per taxable year per beneficiary from all 529 plans. The tax treatment of withdrawals used to pay for primary and secondary school tuition differs between states and as such may differ from the federal tax treatment as well.
